

Ashford Park Board of Directors Meeting
September 24, 2021

Meeting was held by email, phone and text

Members participating were Sherry Page, Lynn Nuttall and Peter Lord.

Topic of discussion was the mowing of the retention pond between Oakford and Hickory Road.

After multiple conversations on how to proceed with getting this pond mowed while it is still retaining water, all Board members were in agreement with how to proceed. Ms. Page requested that Mr. Lord contact Mr. Green of Greenco and request that he mow this pond. He has specialized equipment that will accomplish the mowing with water present. Cost quoted ranged from \$2,000 to \$2,500 or more depending on the amount of water present in the pond and which type of equipment will be required to mow. Greenco was the only company found which had the specialized equipment required to accomplish mowing through up to a foot of water. Mr. Lord also sent an email to Mr. Cummings of Fabre Engineering, asking him to coordinate the mowing with Greenco and the city.

Mr. Cummings has held a conversation with Ms. Eckman of the City Environmental Program and she changed the 30 day notice to mow to 45 days from August 31.

Firth's, the HOA contracted mowing company, has been ask to provide a quote for removing 5 small trees on HOA common property behind 2549 Oakford. One tree is mostly dead and limbs have fallen in the retention pond. They have also been requested to provide a cost to remove a fence panel and post abandoned on HOA common property behind a homeowner's fence

Lynn Nuttall
